

When I was a boy and I would see scary things in the news. . .

...my mother would say to me,

“Look for the helpers.”

You will always find people who are helping.

You will always find people who are helping.

You will always find people who are helping.

You will always find people who are helping.

“Look for the helpers. You will always find people who are helping.”

“To this day, especially in times of
disaster, I **remember** my mother's words
and I am always **comforted** by
realizing that there are still so **many helpers** –
so **many caring people** in this world.”
